Subject: Red Leaf Resources, Inc., Ground Water Discharge Permit Application for inclusion in LMO NOI as a Replacement Appendix

Dear Ms. Heppler:

A revised Ground Water Discharge Permit Application (GWDPA) for the Red Leaf Resources, Inc., Seep Ridge site in Uintah County was submitted to the Utah Division of Water Quality (DWQ) on March 6, 2013 and a copy of that document was hand delivered to the Division of Oil Gas and Mining (DOGM) on that day. This letter hereby formally transmits that copy of the GWDPA to DOGM. Red Leaf Resources, Inc., requests that DOGM accept this copy of the application to DWQ for inclusion into the conditionally approved LMO NOI as an appendix.

The ground water discharge permit application was prepared for Red Leaf Resources, Inc., by JBR Environmental Consultants, Inc., under the direction of Robert Bayer, P.G. Please note that the enclosed document supplements and supersedes previous DWQ application information and should there be conflicts with information previously submitted to DWQ, this more recent submission governs.

If you have any questions about this application, please contact me at 801-878-8100.

Sincerely,

A handwritten signature in blue ink that reads "Jay K. Vance".

Jay K. Vance, P.E.
Manager, Environmental & Permitting
